SESSION INFORMATION

Saturday AM

Excavation Tool: LOVE

This weekend at SpringHill we find ourselves on an adventure - an excavation at an old temple ruin. Just like we need tools to do the excavation properly - to dig deep and find the hidden treasure - we also need tools to grow as a family. You don't even have to run to the hardware store. These are tools you as a family already have! They just need to be dusted off. The first one is love. This weekend we will be studying Deuteronomy 6:4-9. Verse 5 says, "Love the Lord your God with all your heart and with all your soul and with all your strength". Together we will learn how to love God as a family, as well as how we can model that love to our kids and others the way God calls us to.

Saturday PM

Excavation Tool: TIME

Deuteronomy 6:7 talks about the commandments, saying, "Impress them on your children. Talk about them when you sit at home and when you walk along the road, when you lie down and when you get up." What does your family do during your down time? Do you take the time to impress the commandments God has given on your hearts and the hearts of others? Or is everybody in their own world, on their phones so much it doesn't even feel like time being spent together? The second tool we need in our adventure is time. Together we will evaluate how you as a family use this tool and how we can better prioritize our time.

Sunday AM

Excavation Tool: CELEBRATIONS

Have you ever noticed that in the Bible, sometimes it seems like people are constantly celebrating? Every other page seems to mention a feast or festival! These moments of coming together, remembering and rejoicing helped people to celebrate all that God has done in their lives. How do we celebrate together? How do our celebrations help us remember God's faithfulness? Celebration is an important tool that needs to be used regularly so that we can remember what God has done and is always doing in our lives.

Sunday Night Live

Excavation Tool: SUPPORT

We are all looking for treasure. Even as adults, who doesn't love a good treasure hunt? But what happens when we don't succeed? When we feel like a failure and let those around us down? Or maybe we succeed in finding our treasure, but it turns out not to be what we thought it was - it's not as cool, or it doesn't make us feel as happy as we thought it would or maybe it doesn't quite solve the problem we were trying to fix. The next tool we want to talk about is support. As a family, we need to support each other when failure comes, and the treasure disappoints. In turn, when we ourselves fail, we need to ask others and God for forgiveness. Let's take time to contemplate and reevaluate the treasure we are looking for and how to effectively and positively use the tool of support to grow together as a family.

Monday AM

Excavation Tool: SYMBOLS/RHYTHMS

What's your favorite song to sing in the car? What do you like about it? Maybe it has a catchy tune, or a really fun rhythm. Rhythm is defined as, "a strong, regular, repeated pattern of movement or sound." It's consistent and repeats. Deuteronomy 6:8-9 talks about how to remember the commandments, remembering to love God and others, by instructing, "Tie them as symbols on your hands and bind them on your foreheads. Write them on the door frames of your houses and on your gates." The Jewish people used these symbols to remind them of God and to keep Him in the rhythm of their daily lives. How do you use rhythm? This is a key tool used by history makers, those people who show up faithfully and do something consistently. For example, everyone would love to give \$10,000 away, but not a lot of us can. If, however, we could give \$50 a month to an organization, we would find ourselves giving that full \$10,000 in just over 15 years! Small things add up, and they go a long way. Together we will examine the rhythms in our lives and spend time identifying the good and the bad.
